

Is it an

EMERGENCY?

Emergency Room vs. Urgent Care

Go to the Emergency Room if you have:

- Signs of a heart attack or stroke (*Chest pain, rushing or irregular heart beat, sudden numbness, pain in the arms*)
- Bleeding that won't stop
- Bad burns (*Blistering skin*)
- Loss of consciousness
- Trouble breathing
- A severe allergic reaction
- Feelings that you may hurt yourself or others
- Severe headache
- Overdose or poisoning
- Seizures
- Broken bones (*other than fingers and toes*)
- Persistent vomiting, or vomiting blood

Call 9-1-1 for life threatening conditions and injuries.

Is it an

EMERGENCY?

Emergency Room vs. Urgent Care

Consider an Urgent Care clinic if you have:

- Allergies
- Mild headache
- Bladder infection
- Sinus infection
- Sore throat
- Upset stomach
- Minor cuts or burns
- Mild ear pain
- Rash
- Fever
- Cough, cold or flu
- Broken fingers/toes that do not break the skin
- Back pain, sprains or strains

Urgent Care Hours
